
Margaret
RIZZA
Her music for
Advent & Christmas

For ease of use we have collected together on this single CD all the compositions with Advent and Christmas themes that have appeared on Margaret Rizza's four major albums – *Fountain of Life, Fire of Love, River of Peace* and *Light in Our Darkness*.

We hope this will give individuals, prayer groups and those responsible for public worship instant access to a rich and varied repertoire for this important season of the Church's year.

Margaret Rizza's distinctive style of hauntingly beautiful melodies is now recognised around the world as an icon of all that is holy and best in Christian composition. Her music is wonderfully melodic, often with simple repetitive melodies carrying short, usually scriptural texts.
